Neuro Logic manufactures a broad range of proprietary ruggedized CRT and Flat Panel video display products, touch-input displays and interactive video display systems. Our product line addresses a range of applications including military, industrial, aerospace, automotive and transportation, interactive point of sale and point of information, education, and medical. Our mission at NLS is to provide innovative, quality display products featuring state-of-the-art technology at affordable prices with a total commitment to customer service and support. Our many satisfied customers include over thirty Fortune 500 companies including EDS, Intel, Hughes Aircraft, Motorola, Lockheed, TRW and others.

The RFT-15 is a 1U high (1.75") pull out tray equipped with a high resolution, wide viewing angle 15" Hitachi LCD (optional Fujitsu). The unit is designed to fit in a standard 19" rack and to be slid out for use. Using the RFT-15 in your rack allows you to have more space and use your rack more efficiently. This unit was designed around military standards and because of the high quality metal construction, this unit can be used in almost all industrial and commercial setting. The low profile of this unit makes it ideal for racks that have space restrictions. 19"W x 24"D x 1.75"H.

Exilis Terminal
Because Space is Money

- Entire unit only 1U (1.75”) high
- 15” Hitachi TFT LCD (RFT-15H)
- Industrial 104 keyboard w/ 2-button touchpad
- LCD power-up when raised
- Several LCD locking positions
- Lock-down mechanism for LCD when not in use
- Large 3-inch padded wrist-rest
- Front recessed display controls
- Forced air cooling system for electronics
- NEMA sealed front option
- 2mm protective glass for LCD
- Optional 8 KVM (coming soon)
- Optional lower cost Fujitsu LCD (RFT-15F)
**Rackmount Flat Panels**

The RF Product Line consists of 15”, 18” and 20” Flat Panels. These displays are housed in a ruggedized metal enclosures for rack mounting in a standard 19” RETMA equipment rack (9U high). The design resolves the conflicting requirements for a large, rugged, high resolution color display in compact, lightweight package.

- 15”, 18” and 20” screen sizes
- Forced air electronics ventilation
- 15-pin VGA or 5-BNC
- Lock-out controls
- NEMA sealed display
- 160 degree viewing angle
- Up to 1280 x 1024 (80KHz) pixel resolution
- Optional Acoustic Wave and Resistive touchscreens

---

**Rackmount Monitors**

The RM Product Line is a premium quality, high resolution digital computer monitor in a 19” rackmountable metal enclosure sealed to NEMA 4/12 industrial standards. The RM features an advanced 0.25 mm dp aperture grill Mitsubishi CRT with resolutions to 1600x1200 @ 65Hz which offers exceptionally sharp and bright images. Dual fan cooling is provided to permit operation to 50 deg Centigrade in demanding environments. Sizes include 17-inch and 19-inch CRTs.

- 17” & 19” screen sizes
- Dual fan cooling
- Lock-out controls
- Completely enclosed housing
- Acoustic Wave & Resistive touchscreens
- Up to 1600x1200 screen resolution
- 15-pin VGA or 5-BNC
- NEMA 4/12 Display
- Rack slide rails

Neuro Logic Systems serves a variety of industries and customers. Below are just a handful of customers that NLS works with:

- Intel Corporation
- Parker Hannifin
- AEG Daimler Benz
- Excellon Automation
- Western Digital
- Semitool
- HR Textron
- Boeing
- Lockheed Martin
- US Amada
- Conner Peripherals
- Scientific Atlanta
- Teradyne
- Hughes Aircraft
- TRW, Inc.
- Allied Signal L3
- McDonnell Douglas
- Jet Propulsion Labs
- Alta Vista
- Honeywell
- Kodak Imaging
- Hewlett Packard
- Motorola Semiconductor
- LORAL Aerospace
